REQUEST FOR APPROVAL OF DRAWING CORRECTIONS

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Appended hereto are Figures 1A-1D and Figure 3 showing the revisions in red.

Figures 1A-1D are revised to identify the units in the y-axis as K-daltons, which are indicative of the size of the molecules being separated by the electrophoresis. The scale in the x-axis is added in these figures. This scale has no units and is indicative of the isoelectric focusing point in the 2-D gel of the molecules. Figures 1A-1D are the four quadrants of the chart as originally filed.

Figure 3 is revised to identify the units of the molecular weight as K-daltons.

Approval of the drawing changes is requested.

Respectfully submitted,

Garrett V. Davis
